

TOMATOES

Dwarf varieties

All our tomato plant labels are marked to show the growth habit of the plant. Those listed below are suitable to grow in tubs on the patio, have a height of less than 2ft / 60cm (excluding pot), and do not need 'pinching out'. Please see our 'Tomato Growing Guide' for more information and help, which is available to download from our website (our web address is printed on all our plant labels).
